

Project Brief

Signal at I-215 Westbound Ramp and Winchester

**2007 Legislative
Update**

Provided By:

Project Description: DESIGN, Intersection Improvement

This project began with a study to determine how to accommodate dual left turns at the intersection of Winchester and the westbound on-ramp to I-215. The project has now moved to the design phase, which is projected for completion in spring 2007. The intersection will then be modified to accommodate the dual left turns.

**Commission
Approved
Project Budget:
\$150-thousand**

**Anticipated
Schedule:
Design Complete –
Spring 2007**
